

Area of triangle

```
1. #include<stdio.h>
2. int main()
3. { float b ,h, area;
4.   b= 5;
5.   h= 13;
6.   area = (b*h) / 2 ;
7.   printf("\n\n Area of Triangle is: %f",area);
   return (0);
```
